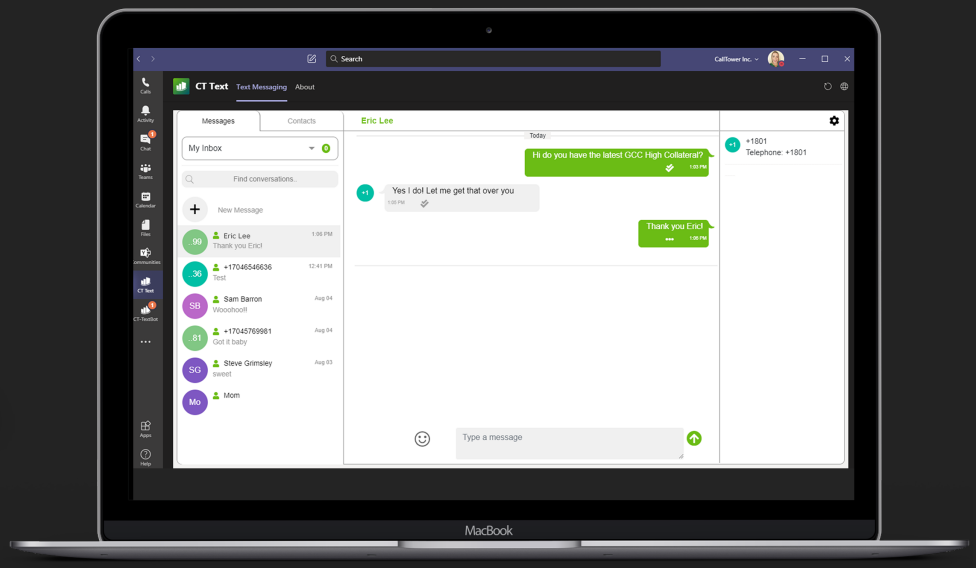
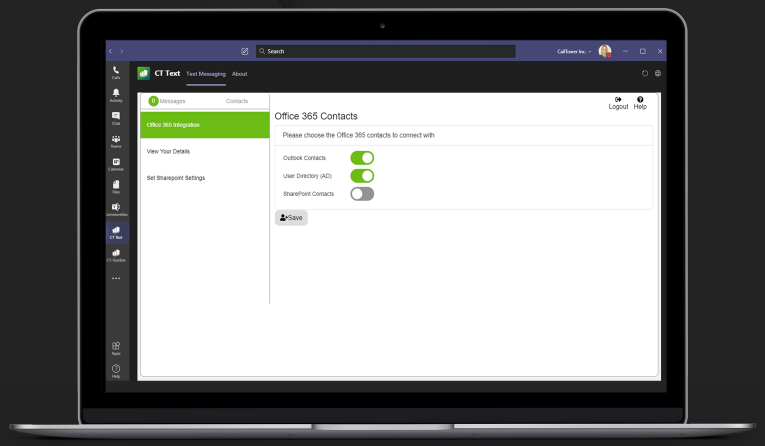
CT TEXT FOR MICROSOFT TEAMS

Send and receive SMS from Microsoft Teams with CT TEXT. Connect instantly with your contacts in Outlook, Active Directory, SharePoint, and with your MS Teams channel members.



SMS TEXT MESSAGING FOR MICROSOFT TEAMS

Supercharge your Microsoft Teams platform and maximize your reach and impact with 2-way SMS text: the most popular messaging format that works on every cell phone.

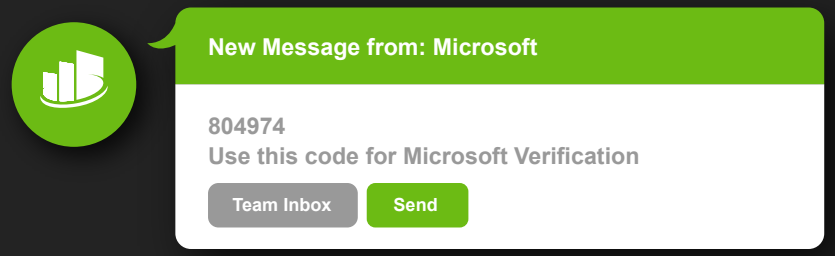


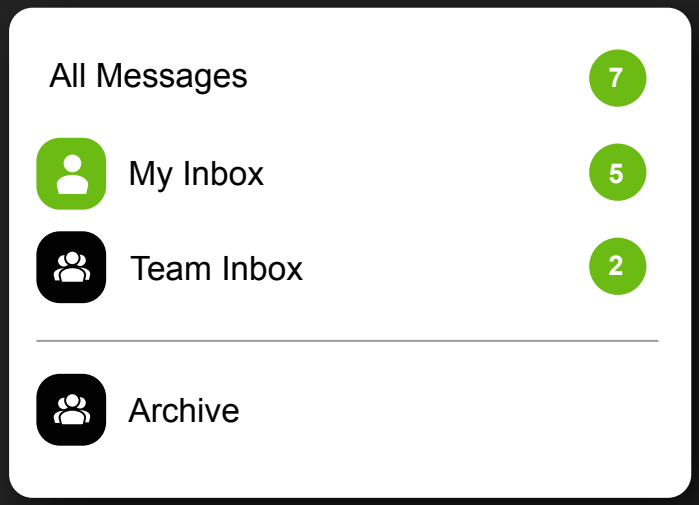
SEND TEXTS TO YOUR MICROSOFT 365 CONTACTS

Connect instantly with your Microsoft Teams channel members, your contacts in Outlook, Active Directory and SharePoint, as well with as the contacts you save in CT TEXT.

ADD SMS TEXT TO YOUR TEAMS CHANNEL

Text from all your Microsoft Teams channels with our helpful CT TEXT Bot. He'll also alert you as new messages arrive – no matter where in Teams you're currently working.





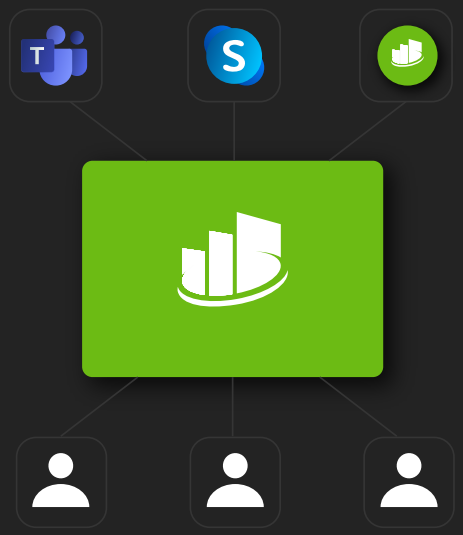
TEXT FROM INDIVIDUAL AND SHARED INBOX NUMBERS

Use your own personal number for private text conversations and use shared inboxes for when you want to make incoming/outgoing texts visible to your entire team.

That way every team member can receive and respond to messages , using just one inbox and just one number.

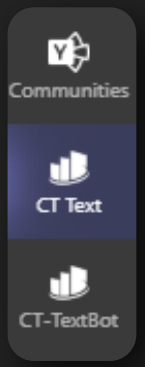
ONE NUMBER, MULTIPLE APPLICATIONS

The CT TEXT service includes a dedicated number for each of your personal or shared inboxes. This gives you the flexibility to text across multiple business applications and devices. The number can be in your own local area code and is generated from our secure cloud message service within Microsoft Azure.



SMS Recipients

TEXT-ENABLE YOUR EXISTING PHONE NUMBER



Prefer to send texts from your familiar business number? No problem! CT TEXT means you can use your existing phone number* for both calls and text. That way your contacts will always know who's texting. And they can choose to reply by text or by calling your number.

**US & Canada only*

YOUR ALL-IN-ONE CONTACT MANAGEMENT APP

Keep your contacts and conversations in just one place to make searching and texting a breeze. Consolidate your contacts in Outlook, MS Teams, and in any list you've created and care to import. CT TEXT removes the hassle of managing multiple contacts in multiple places, so you spend less time searching for people and much more time connecting with them.
