MOMENTUM TELECOM CLAIMS HOSTED VOIP EXCELLENCE AWARD

For second consecutive year, Momentum honored with award and heralded as industry leader

BIRMINGHAM, Ala. – October 31, 2018 – Momentum Telecom has once again been recognized as a leader of the telecommunications industry by the global, integrated media company TMC. Momentum claimed the Hosted VoIP Excellence Award for its continued dedication towards supplying services that demonstrate innovation, unique features and noteworthy developments that improve both functionality and usability for customers.

“This award is a testament to Momentum’s powerful technology, commitment to serving our customers and belief in the Momentum Difference,” said Momentum President, Todd Zittrouer. “As a company, we firmly believe our technology has the transformative power to enable businesses to thrive, and this news only further asserts and affirms our position as an industry leader.”

Delivering innovative solutions has been one of Momentum’s principles since the company’s founding more than 17 years ago. Those solutions combined with onsite installs conducted by Momentum engineers has differentiated the company in the industry. This award adds to Momentum’s impressive set of accolades, including a repeat appearance as an Inc. 5000 company this year.

“It gives me great honor to congratulate the winners of the 2018 Hosted VoIP Innovation Awards,” said Rich Tehrani, CEO, TMC. “These companies excel in an increasingly-crowded marketplace by delivering innovative services. I look forward to seeing Momentum’s future innovation and successes.”

The 2018 Hosted VoIP Excellence Award winners will be featured on INTERNET TELEPHONY online.
