Benefits

Work Anywhere
The Office mobile apps—Word, Excel, PowerPoint, OneDrive for Business—deliver on-the-go productivity on mobile phones and tablets.

Collaborate Easily and be more productive
Work with colleagues simultaneously on the same Office document (e.g., Word, Excel, PowerPoint, or OneNote) from anywhere and never worry about version control, since there is only one cloud-stored document. Connect employees to the people, information, and content they need to improve productivity and transform collaboration.

Protect what matters the most
Help safeguard your employees, data, and customer information with enterprise-grade security you can trust.

Cost Savings
Subscription based structure, monthly fee per user rather than large lump sum up front.
