sherweb

Grow your telco business with Sherweb

Increase your value for clients while simultaneously maximizing your returns. Offer simple, reliable and profitable cloud solutions, productivity tools and managed services with Sherweb.

Start with UCaaS

Package telephony, collaboration and productivity tools to lead your customers' digital transformation. Sell unified-communications-as-a-service (UCaas) from Sherweb without adding extra complexity to your business.

UCaaS	Cloud PBX
• Fully integratable with Office 365 • Unifies productivity, communication & collaboration • Provides seamless access to telephony, email, messaging & conferencing • Includes expert support from Sherweb 24/7/365	• Up to double commission rates vs. competitors • Developed in-house with commercial carrier-grade class 4/5 switches • Plug-and-play service for end clients, including onboarding & support • Fully redundant with 99.999% SLA

Build your Sherweb partnership

A Sherweb partnership means you get to position your offers your way, while we handle back-end complexities such as migration, onboarding and technical support. Grow your business, strengthen client loyalty and reduce churn by offering a complete portfolio of managed services all businesses need.

Profitable Portfolio	Success Simplified	24/7/365 Support
• Full range of products & solutions with attractive margins • Bundling opportunities for cross- & upselling • Integrated solutions to meet customer needs	• Exclusive incentive programs & MDF available • Sales & pre-sales support for complex scenarios • Training, tools & resources for winning in sales & marketing	• Free migration & onboarding for partners & clients • One-hour rapid response time for support queries • Support offered in French & English in North America
